I made this corner for you to stand in Prison I wrought
To speak brings torture
Words are war
Hit
A voice means you get cut
Don't you talk
Don't you move
Corner
Don't move
Stay in that corner

I made this box for you to soak in Slump over folded Shiver
Don't unfold How dare you tremble?
Box trembles Kick when I want Stay folded Stay in that box Don't dare shiver Don't you move In that box

I dug this trench for you to drain in A cheerless day
War
Don't hold on
How dare you hold on?
Dispute the blurry
Arms legs flail
Yield
Slow river flow
Don't you move
A kick will fix it
Stay in that trench
In that box
In the corner
