

See you in my cage i have a solid mind
And you just keep on holding me, my friend
You serve me galantine every night and you just keep on
Here we go, my friend overnight routine
I'm the arm and you just keep on
Finally i got you indentified
Wait or stop tomorrow then 4 days go by
And if some words are left try to make a note
See you in my cage
See you on my knees
We have a solid mind and you just read upon the ceiling
above my head
Here we got a creek between you and i
Will you still keep on
Wait or stop tomorrow
In styleless times
I see no wire when i thing about the motive
But i use your line even now it's mine!
