

Not As It Seems

Khoiba

Deep inside i've lost my way
Deeply i feel degraded
Overeaten, cold and used
I haven't been so far excused

Too late
Foreign dreams
Have deformed me almost
Too late
Foreign dreams
Have deformed me too much
It seems, it's not enough of your dreams again
And it seems, it's not enough of your dreams again

Hard to say: "Oh I will turn it back"
I'm about to realize
And found my latest track
I wanna meet the needs again
And hear the beats
Open my dusty sheets
Within my lonely feels

But it's too late
Foreign dreams
Have deformed me, it's like, almost
Oh, I wonder how foreign dreams
Could be so real and so beauty
And it seems, it's not enough of your dreams again (4x)

Hard to say: "Oh I will turn it back"
I'm about to realize
And found my latest track
I wanna meet the needs again
And hear the beats
Open my dusty sheets
Within my lonely feels

But it's too late
Foreign dreams
Have deformed me, it's like, almost
Oh, I wonder how foreign dreams
Could be so real and so beauty
And it seems, it's not enough of your dreams again (4x)

Again, again, again... (3x)
