Khoiba

How i get rid of this sound
Like sun is dripping down on the ground
Now i know
I'll take a pin
To find out what you hide
Under your skin

I'll find in you
What you hide
Sometimes you heart is small and sometimes wide
You may say: It's up to me!
But there is something deeper
They'll never see

I'm saying to you
Don't be so hot
When you are in me
It can burn me out

How i get rid of this feeling
Like sun which is dripping down like glowing steel
You may say: It's up to me
No!!!
There is something deeper
They'll never see!!
