

# Eyes Of Eternal Loneliness

Khors

Sun is shining on the crystal parts of ice  
Frozen flame of angry is in my soul is in my eyes.  
Stars are shining with cosmic wisdom  
Hate of million worlds in my hands  
Million spheres of burning coldness  
In the soul of wolf, in the eyes of eternal loneliness

Million spheres of burning ice  
Million spheres of burning darkness  
Space of evil coldness  
In my soul,in my eyes  
In the eyes of eternal loneliness  
In the eyes of eternal hanger
