

## Greed

Kiana

Inhale this greedy, filthy air  
Feed your fears of unbounded nature

Now, self-destruction seems to be our aim  
Self-destruction, "All for one and all for me"

Fall from grace with me  
Embrace the misery  
No shelter to the broken

Strain, steal  
Make your earth disappear

Now, self-destruction seems to be on our way  
Self-destruction, "All for one and all for me"

Inhale this greedy, filthy air  
Fill your lungs with death  
Exhale this greedy, filthy air  
...once more
