

## Cornered

## Kickback

If only I could break through this wall  
This wall that surrounds me  
I know I will be free  
All alone in my hell... Where are you ?  
Try to tempt me  
I think I'm going insane  
So many f\*\*kin' path  
Lead to hell

If I let down my guard  
Who will save myself, I'm asking ?  
Who will save me ?

Torn again  
Between the wrong and the right  
This never-ending fight  
That drives my life

To feel again  
When your will is broken  
I must escape  
Let me go

[CHORUS]

Cornered  
Temperature's rising  
Demon awaken  
No one is spared...
