

# Nothing

**Kickback**

Reopening wound  
To see what's left  
Too much sorrow  
Too much regret  
Nothing  
All that remains  
Now I can see  
All that remains  
Now I clearly see  
There's nothing left  
Thought you were  
Someone  
Thought you were  
Something  
It all has gone away  
Right before my eyes
