

## Balmain Jeans

Kid Cudi

Help me take off my Balmain jeans  
I'll undo yours  
You can lick it after I'm done lickin' you first  
I wanna taste it  
Tired of waitin'  
Are you tasty?

Yahm yahm  
Come on baby  
Yahm

Hope you can feel that vibe  
The vibes of the night  
Your body is warm  
In my arms  
We're under the stars

Can I come inside your vortex  
Can I come inside your vortex  
Let me baby

It's been so long, been such a hobby  
Finding someone who electrifies my body  
I need you to protect my heart  
Gimme your hand, put it here  
This is where you start

Keep feelin' on me  
(Don't stop)  
Keep feelin' on me

Keep feelin' on me  
(Don't stop)  
Keep feelin' on me

Lord help me  
Lord help me  
I got a lover under my covers  
I don't want her to leave  
She says I'm perfect  
Perfectly kissing on my neck  
She is the sexiest  
She said she loves my scent

Hope you can feel that vibe  
The vibes in the night  
Her body is warm  
In my arms  
We're under the stars
