

Handle with Care

Kid Cudi

Pardon me babe there are instructions I think that you should read
I'm a mad man I cause problems that I truly never mean
I'm damages I trust no one sometimes I can be real mean
To a magnitude extreme
I'm sorry but handle with care
So fragile and delicate
Handle with care
I'm so fragile and delicate
Handle with care
So fragile and delicate
Handle with care
Here's your warning

Pardon me babe there are instructions I think that you should read
My heart it has no chill I can sense everything
I love from deep inside but there are pains I hope to fix
I have no bag of tricks it's just that you should
Handle with care
So fragile and delicate
Handle with care
I'm so fragile and delicate
Handle with care
So fragile and delicate
Handle with care
Here's your warning

Why, why, why, why, why, why, why, why, why, why, why, why
Why, why, why
Why, why, why, why, why, why, why, why, why, why
Why oh why me me
Why oh why me

I don't know Butthead I'm feeling kind of I don't know
Come on Butthead, sometimes when you have a very powerful artist like Cudi
It's possible that his songs invoke certain emotions and feelings and those feelings are valid
Another thing that brings up some of these feelings is hallucinations
Which I know both of you have been doing
So why don't you get just relax and take this as an opportunity to meditate, go inside yourselves look inward
Ya Beavis look inward, look up you butt
Shut up butt head, your vibes all wrong, you're not on the same frequency, butthole, you just don't get it Butthead, you just don't get it
