

# Internal Bleeding

Kid Cudi

I done tried it all  
Tried it all  
Hey  
Done tried it all  
I can't stop this internal bleeding  
And my heart is leaking, heart is leaking out  
(3x)

Tried it all  
Tried it all  
Hey  
Done tried it all  
I can't stop this internal bleeding  
My heart is leaking  
And it hurts

Cut me down  
Slice me deep  
I dare you  
Burn my crown  
Spit on my grave  
I'll make you  
See my face  
See my face  
I'll haunt you  
Deep in the dark  
Behind your eyes  
I'm on you  
Salt of the Earth  
Bird of the Heavens  
You hear them  
All in the hell  
The hollowest halls  
Don't fear them  
Here I am  
The warrior man  
Here I stand  
The warrior man
