

Man in the Night

Kid Cudi

This is the time to be in the moment
Ain't no room for stalling room time for living in the moment
Slip inside the rhythm let's get 'em, yahm
Tell the world this is what I call living as I ride in my car and I'm
Blinded by the lights that were on the quest
We're running off in the night
Got some girlies and we're out for love
No no don't judge be my
I sail my hell, listen to no avail
Don't bother I'm not avail
No marriage keep the veil
I'm in love with the night
Ya she's great for some fun
Ya she's dope for my head
Oh she's good for me ya
Oh she's good for me ya
Oh she's good for me
Oh she's good for me
This is the time to be in the moment
Ain't no room for stalling who gon' live in the moment
Slip inside the rhythm let's get 'em, yahm
Tell the world this is what I call living as I ride through the stars
And I'm blinded by the lights

Going up from here, and we're out for love

That kicks ass
How come it stoped? How come it's not still going
Because it's over, Beevis this is perhaps the coolest album ever made
I think you're right Butthead, come on come let's play that one again
Ya that one ruled
Can we hear more puck rock? I want to break something
Can we hear more of that stuff like that stuff was?
Hello ladies

It is called Speeding Bullet to Heaven
Beavies punk rock is not dead
