

Mojo So Dope

Kid Cudi

Did it leaning, skinny jean wearing, 'fro for days in the O A A
Balls so low most fools couldn't price me
Sign and stunt with a blunt full of P.E.
And I guess you know me,
Been in NY so long got Tri-State family
Especially Brooklyn shout out to Damati's
My bloodline runs deep, unless I don't sleep
Figure it's my pops keeping me away
Help me keep my mind off the clouds for reality
These motherfuckers can't fathom the wizardry
Slow more brain that's backwards cowards
Take a shower: your attitude stinks
Wanna know what I think?

Oh oh, oh,
Hey, my mojo so dope bitch
Hey, my mojo so dope
Yep we live it, live it
Yeah we on it, on it
Give a fuck about your lifestyle,
Give a fuck about a motherfucking lifestyle cause nigga
We, we live this sh-t
Oh oh, oh,
Give a fuck about your lifestyle,
Give a fuck about a motherfucking lifestyle cause nigga

I live through words not metaphors
So I passed to be the rest of the freshmen
Playful tough talk
Often the fave till I came to park heart
And said true things
A whole new legion of some niggas
Aiming high pass the idea slangin
Praise Allah for keeping me awake man
A lot of my niggas fell victim to the dope game
Some things will never be same
Wish I could tell my brother something for some motivation
And get him out that gutter
He's leaving behind a family and a mother
Damn you must understand what I speak about a song it's how I really am
Yeah this is how I really think
You could see what I see, yes I really wink
Yes I really drink
I really do rage my demons at the cage
By most of the day before I became the age to even wage
I was drowning them sorrows with some OE nigga

Oh oh, oh,
Hey, my mojo so dope bitch
Hey, my mojo so dope
Yep we live it, live it
Yeah we on it, on it
Give a fuck about your lifestyle,
Give a fuck about a motherfucking lifestyle cause nigga
We, we live this sh-t
Oh oh, oh,
Give a fuck about your lifestyle,

Give a fuck about a motherfucking lifestyle cause nigga
