

Speedin' Bullet 2 Heaven

Kid Cudi

Oh If I crash, oh if I crash
Or if I land, no matter the case
I'm all smiles, I'm all smiles
I've traveled for miles, miles and miles
For the love in the core, love in the core
Some people bore me, so fucking boring
But I'm all smiles, I'm all smiles
No matter the case, I'll be okay
When I crash, when I crash
Or if I land, no matter the case

Oh when I crash, when I crash
Or if I land, no matter the case
I'm all smiles, I'm all smiles, I'm all smiles
Give a fuck what they say
And I'm all smiles, I'm all smiles, hmm

Oh if I fall, oh if I fall
Or if I glide, no matter the case
I'm all smiles, I'm all smiles
I've traveled for miles, alone in the dark
With love in the core, love in the core
Some people bore me and I'm fucking dozing
With a smirk on my face, I'm all smiles
No matter the case, I'll find a way

Oh when I crash, when I crash
Or if I land, no matter the case
When I crash, when I crash
Or if I land, no matter the case
I'm all smiles, I'm all smiles, I'm all smiles
Give a fuck what they say
I'm all smiles, I'm all smiles, hmm, hmm
Hmm, hmm, hmm
No matter the case
