

# Hell & Back

Kid Ink

You can tell them that  
I've been from hell and back  
When the heat is on  
I fire back  
In this cold world  
Where your lighters at?  
Lets burn it down  
Fire back

You can tell them that  
I've been from hell and back  
When the heat is on  
I fire back  
In this cold world  
Where your lighters at?  
lets burn it down  
Fire back

Uh, let's take it to the ground  
Don't too many make it coming through our town  
Looking for a detour nowhere to be found  
When the pressure's on seems nobody's around  
Uh, but I won't let 'em see me sweat  
Yeah it took a little time,  
But can't really be upset  
Long way to the top,  
I can barely see the steps  
Yeah, they sleeping on me still  
But I barely need to rest  
See me standing here head high  
Face up, I don't need no X-Ray  
Show you what I'm made of  
Tell 'em I paid my dues and  
You can check the pay stubs  
Never had a chance so  
I had to go and make one  
Say some, you can tell them that  
I've been through hell and back  
But I'm home, can't really complain when  
It's the life that I chose  
Sacrificed it all and everything that I owned  
Say what doesn't kill me can only make me stronger

You can tell them that  
I've been from hell and back  
When the heat is on  
I fire back  
In this cold world  
Where your lighters at?  
Lets burn it down  
Fire back

You can tell them that  
I've been from hell and back  
When the heat is on  
I fire back  
In this cold world

Where your lighters at?

Fire back

Yeah, can you feel the heat  
The block is hot as ever  
In these city streets  
You only get one shot  
Keep your arm steady  
They tried to make me wait  
But I'm more than ready  
To go and get mine, grind like an in-line  
Skater check your wrist watch you'll see that  
This time it's my time,  
And I don't need no invite  
To the party, got roll over minutes and it  
Feels like my calling, uh  
I'm just doing what I can  
With a whole lot of drive  
Trying to make my own path  
Take a chance, can't sit and worry about  
No five year plan gotta live for the day  
'Cause I could die where I stand  
Tell 'em  
You can tell them that  
I've been through hell and back  
But I'm home, can't really complain when  
It's the life that I chose  
Sacrificed it all and everything that I owned  
Say what doesn't kill me can only make me stronger

You can tell them that

When the heat is on
