

# Is It You

Kid Ink

Uh

We got it hotter than a stove  
I'm looking I'm looking I'm looking for  
The one, come and get me in the zone  
Is it you, is it you come and let me know  
Is it you, is it you, is it you over there  
Is it you, is it you, is it you there  
You got it, you got it, you got it I swear  
You got it, you got it, you got it I swear

Yeah I'm looking all across the room  
For the one, maybe two  
If you in the mood  
Pull over the nu-nu,  
Give me your number like sudoku  
That dress shorter than a tutu  
My view is so beautiful that  
I can't help but stare, help but stare  
Steer away from your friends,  
And pull right over here  
You should come and chill,  
Just be easy like a layer been  
Let my money talk  
Baby you ain't got to say nothing  
Nah, I ain't tryin' to run game,  
But I play to win  
Is it you, is it you,  
Let me see your hands  
We got it hot,  
Right out of the pan baby  
I can make you scream like my number one fan  
Now, tell me how does that sound  
Neighbours might complain but you know I love that loud  
That loud, tell me how does it sound to the  
Neighbours might complain but we never turn it down

Uh

We got it hotter than a stove  
I'm looking I'm looking I'm looking for  
The one, come and get me in the zone  
Is it you, is it you come and let me know  
Is it you, is it you, is it you over there  
Is it you, is it you, is it you there  
You got it, you got it, you got it I swear  
You got it, you got it, you got it I swear

Why you tryin' to play cool  
They might be confused but  
Ain't nobody fooled over here  
I could tell from how you move  
That you ready and prepared  
By yourself, like you playin' solitaire  
Come and share some with me  
If you ever need a bodyguard like Whitney  
I'll be all over you fast like Ricky Bobby  
Tell them it's no problem more than low  
No comin' baby we can get it poppin' now

I ain't tryin' to run game, but I play to win  
Is it you, is it you, let me see your dance  
We got it hot, might leave with a tan baby  
I can make you scream,  
But you ain't gotta be scared of it  
Tell me how does that sound  
Neighbours might complain but you know I love that loud  
That loud, tell me how does it sound to the  
Neighbours might complain but we never turn it down

Uh  
We got it hotter than a stove  
I'm looking I'm looking I'm looking for  
The one, come and get me in the zone  
Is it you, is it you come and let me know  
Is it you, is it you, is it you over there  
Is it you, is it you, is it you there  
You got it, you got it, you got it I swear  
You got it, you got it, you got it I swear

We been at it all night, end light  
It don't mean a thing but it's alright  
You know what it is  
Going down for whatever whenever get you  
To business know I got that work  
If you ready for it  
Is it you, is it you, is it you  
Let me know you're ready for it  
Is it you, is it you  
Put your hands in the air  
And let me know you ready for it
