

Same Day

Kid Ink

It's a blessing (And now we make it)
No questions now

I went from rags to riches
To fucking with the baddest bitch (fucking with baddest)
In my section
It's a blessing, no questions, egh

Got paid, fucked her - all in the same day
Pool party in the club - in the same day
Just met and I could hit it - in the same day
Land in your city, take all - in the same day (in the same day)

I got paid fucked her all - in the same day (same day)
Pool party in the club

We, in this bitch all night
Been doing this all day I know
The way that my car rides (alright)
Feel like back to the future I go

Got everything all nice
Feel like it's 40 below
I just need her like
Swear when you hit this shit girl you gon' flow

Go ahead, suck it up
Just got paid tryna fuck it up
My bottle like your bottle 'til you drunk enough
Any time you need a piece baby [?]

And when you trying to leave baby hit the deuce
And a seven nigga bitches hit at you
Valet ticket then I hit the coup
If you ain't in my circle, you ain't in the loop

I went from rags to riches
To fucking with the baddest bitch (fucking with baddest)
In my section
It's a blessing, no questions, egh

Got paid, fucked her - all in the same day
Pool party in the club - in the same day
Just met and I could hit it - in the same day
Land in your city, take all - in the same day (in the same day)

I got paid fucked her all - in the same day (same day)
Pool party in the club

I, just might hit both
She brought her friend, just might hit both (uh-uh)
In the same day, shots up, gameface

You better get your bank cause she ain't saying
With me and all my niggas in the same place
We went from rags to getting fast money
Ain't nothing but a traffic ticket

You niggas still crashing the game
You still need a pass in the city
I see them trying to catch my way
I hit them with the pass in the [?]

Started, star, was on my yard
Smelling like money and we get [?]
No sticks and no seeds on my flowers
Spent your whole weekend in 24 hours
