

# Summer in the Winter

Kid Ink

Tell me what your body wanna know  
Fly you anywhere you wanna go  
Baby I just really wanna know

I know I've been gone for a minute  
Just made it back to the city  
Lil' mama got the shorts on, in December  
It feel like the summer in the winter, aw yeah  
It feel like the summer in the winter, aw yeah  
It feel like the summer in the winter, aw yeah

We out in L.A  
These bitches all tryna show their belly  
It's a poolside party at the telly  
This my city, ain't nothin' you could tell me  
But I still ride  
Pistol grip pump on my lap at all times  
I knew she was from the dark side  
Cause soon as she walked in the door she wanted wi-fi  
Woah, it's about a hundred in the Valley  
It's about a 4 hour drive to Vegas  
11 A.M. they in bikinis half naked  
Just dropped out of college, all year, spring-breakin'  
Take off my shirt, say I'm tatted like Jose  
Tell you've been tannin', your skin look like Rosé  
Your body, I'll throw a stack for  
Off the backboard, she came back for it

I know I've been gone for a minute  
Just made it back to the city  
Lil' mama got the shorts on, in December  
It feel like the summer in the winter, aw yeah  
It feel like the summer in the winter, aw yeah  
It feel like the summer in the winter, aw yeah

It feel like summer in the winter  
It feel like I hit the game winner  
I went from a bucket to a Bentley  
And now I'm hittin' donuts in that bitch 'til I'm dizzy  
But I still ride  
Hit the corner like I did a drive-by  
I know, it was like 2  
And you still walkin' around in your bathin' suit  
Hot damn, I'm sayin'  
The more that you dance is a chance that I might not control my hands  
From them hands  
I went downtown and hit Club Sands  
But ain't nothin' like Tootsies out in MIA  
Where them Latin girls like ven aqui  
I alley oop off the backboard  
Throw a stack for it, she came back for it

It comes at no surprise  
We do this all the time  
Every day is like the weekend  
It feels like the summer in the winter, aw yeah  
Every day is like the weekend

It feels like the summer in the winter, aw yeah
