

Celebrate

Kid Rock

Everlasting things that most can't see
Fads and fashion never meant that much to me
Ain't worth askin' girl we could have it all
Shotgun blastin' havin' ourselves a ball

I know it's late but your daddy's not done yet
So let's rock this spot till the sunset

I wanna celebrate
Rock, rock the whole night away
Hey we gonna celebrate yeah, yeah, yeah

Show me your bad side girl let's funk around
Move to the inside now baby let me break it down
It's that feeling that just can't be denied
And I been phenin' that little tight uhmp and big blue eyes

I know it's late but your daddy's not done yet
So let's rock this spot till the sunset

I wanna celebrate
Baby, no it can't wait
Hey we gonna celebrate yeah, yeah, yeah

Momma's in the kitchen cookin' crawfish pie
Daddy's by the river watchin' fish swim by

I wanna celebrate yeah, yeah, yeah
