

Cowboy Intro

Kid Rock

You can do anything you choose
I'm be the man gonna sing that blues
Red white and blue down to the bone
You don't like that than take your punk ass hole

Cause' I'm a Kid Rock it up and down your block
With a bottle of scotch and watch lots of crotch
Buy a yacht with a flag sayin' chillin the most
Then rock that bitch up and down the coast

You can tell all the critics I'm back from the dead
Fuck Clay Aiken and the Radiohead
And if Britney Spears wants to kiss that last
You can tell her and Madonna they can kiss my ass

And I bet this people never thought they'd see
Little Hip Hop , Rock 'N Roll , Country, Soul
Get it on and come all home in Detroit city
And you know my name and I'm a real McCoy
Name's Kid Rock and I'm a real McCoy
