

God Bless Saturday

Kid Rock

In the hustle and grind, workin' 9 to 9
Losin' my mind, watchin' Father Time
It's the same ole same, this ball and chain
With only one day to ease my pain
Cuz Monday's just a bitch
Tuesday's such a bother
Wednesday's like watchin' dead flowers grow
Thursday ain't for shit
Friday's getting hotter
G (hold & strum let it ring out)
But on Saturday night you know
We let it rock
And keep the drinks pourin'
We let it roll
Until the early morning
We're underpaid, but we still give thanks and praise

God bless Saturday
C (BRIDGE chords C.A.G)
They tell me I'm livin' the American dream
Just workin' for the man
But 52 hours in a stamping plant
Sometimes I don't understand
Cuz Monday's just a bitch
Tuesday's such a bother
Wednesday's like watchin' dead flowers grow
Thursday ain't for shit
Friday's getting HOTTER
But on Saturday night you know
We let it rock
And keep the drinks pourin'
We let it roll
Until the early morning
We're underpaid, but we still give thanks and praise
God bless Saturday
