

# You Ain't Really Down

Kid Sister

Said you were my baby  
And your love was true  
But as soon as I turn my back baby  
Look what you go and do  
Start sneakin' it, too  
Using me like a fool  
Now I know the deal  
I could see right through you

I said, you ain't really down  
Playin' those games you do  
I said you ain't really down  
Your love was never true

(Oohh my god)

Woulda bet my life  
With you all this time  
That you were the one for me, baby  
How could I be so blind?  
Gave you my love and you used and abused it  
Broke my heart like there was nothing to it, oooh...

You ain't really down  
Playin' those games you do  
I said, you ain't really down  
Your love was never true

No no no I said...  
You ain't really down  
Playin' those games you do  
I said, you ain't really down  
Your love was never true

You ain't really down  
Cause I know u been sneaking around  
Tellin' me lies  
Using alibies  
And u think to yourself, 'I'm so sly'  
But the games to play won't work today  
Cause I'll never believe another word you say  
So I know the deal  
You've been playin' the field  
You just ain't for real

Gave you my love and you used and abused it  
Broke my heart like there was nothing to it, oooh...

I said you ain't really down  
Playin' those games you do  
I said you ain't really down  
Your love was never true
