

You Ain't Really Down

Kid Sister

Said you were my baby
And your love was true
But as soon as I turn my back baby
Look what you go and do
Start sneakin' it, too
Using me like a fool
Now I know the deal
I could see right through you

I said, you ain't really down
Playin' those games you do
I said you ain't really down
Your love was never true

(Oohh my god)

Woulda bet my life
With you all this time
That you were the one for me, baby
How could I be so blind?
Gave you my love and you used and abused it
Broke my heart like there was nothing to it, oohh...

You ain't really down
Playin' those games you do
I said, you ain't really down
Your love was never true

No no no I said...
You ain't really down
Playin' those games you do
I said, you ain't really down
Your love was never true

You ain't really down
Cause I know u been sneaking around
Tellin' me lies
Using alibies
And u think to yourself, 'I'm so sly'
But the games to play won't work today
Cause I'll never believe another word you say
So I know the deal
You've been playin' the field
You just ain't for real

Gave you my love and you used and abused it
Broke my heart like there was nothing to it, oohh...

I said you ain't really down
Playin' those games you do
I said you ain't really down
Your love was never true
