

Beg

Kidneythieves

Its all I can do love
Push coming to to shove
Its all I can do love
I've had enough

Who are you to want all of me
Who are you
Scream scream say my name
I'll slap your pretty face awake.

goddamn, could you feel an emotion
(all I do is Beg)
goddamn, could you show what you're made of
(all I do is Beg)
god damn could you feel an emotion, show what your made of
it's all I can take
goddamn, could you feel an emotion
I think you love to see me beg.

You cared so long ago
It's breaking me down love
I've had enough
Gotta to move on love
You've taken it all love
Push comes to shove
I've had enough

Who are you to want me to stay
Who are you
Scream scream say my name
I'll slap your pretty face awake.

Who are you to do this?
Stay or just forget it
Darling, if you could just scream my name

goddamn, could you feel an emotion
(all I do is Beg)
goddamn, could you show what you're made of
(all I do is Beg)
god damn could you feel an emotion, show what your made of
it's all I can take
goddamn, could you feel an emotion

I think you love to see me beg.
