

Can you deal with the hallucination?
can you steal the hallucination?
i can hear and feel all that you're thinking
can you deal with the hallucination?
when i'm drowning in the sea, i am
when you're looking down at me, i am
when i'm walking in the streets, i am a bullet
when i'm looking and i find, i am
when i'm purer than the sky, i am
when i'm fucking with your mind, i am a bullet

in the eye, in the mirror, i am a black bullet
in the eye, in the mirror, i am
alone, alone in this all.

deal with the hallucination
can you deal with the hallucination

when i'm walking on the line, i am
when i think that i could kill, i am
when i think that i am love, i am
i am a black bullet

in the eye, in the mirror, i am
in the eye, in the mirror, i am
in the eye, in the mirror, i am a black bullet
in the eye, in the mirror, i am

alone, alone in this all.

can you deal with the hallucination
could you look me
in the eye,
in the mirror, when
in the eye, in the mirror, i am
in the eye, in the mirror, i am a black bullet
in the eye, in the mirror, i am
alone, alone in this all.
