

I'm elevated (I've become a whore so I prepare to breathe)
I'm stimulated (I'm becoming sworn to you for secrecy)
I'm re-created (anything you want I will forever be)
I'm glad you made it

Spiritualize my sensuality, in your eyes, between you and me

You're elevated (connected to the depths of the seven seas)
You're stimulated (I can feel your pulse and now it's part of me)
I'll be creative (anything you want I will forever be)
For you I'll save it

Spiritualize my sensuality, in your eyes, between you and me

I can't evade it
You're all I've needed
I am created

This has been a hell of a trip.
