

Lick U Clean

Kidneythieves

He's the king of the talk
he's the cock of the walk
don't let him go he's a crime in the room

how did it start, where is your heart? i know how to get the truth out of you.

hey baby, you wanna get up inside of this
I'll twist your mind like vines you'll see just what you missed
hey baby from your head to your heart to your jeans
I'm gonna lick you clean

I was the one to turn it around, you were the one who wanted it
now, didn't you?

out of control, deep in your soul
you never thought that you would do it like that
bitten' the lip, chomping the bit (didn't say you wanted out of this)
a volcano on the verge of explosion

hey baby, you wanna get up inside of this
I'll twist your mind like vines you'll see just what you missed
hey baby from your head to your heart to your jeans
I'm gonna lick you clean

I was the one to turn it around, you were the one who wanted it
now, didn't you?
I was the one to turn it out and freak you down and lick you clean.

hey baby you wanna get up inside of this? i'll twist your mind's eye

hey baby, you wanna get up inside of this
my twisted mind will take you to the place you've never been
hey baby from your head to your heart to your jeans
I'm gonna lick you

I was the one to turn it around, you were the one who wanted it
now, didn't you?
I was the one to turn it around, and lick you clean
you were the one who wanted it now, didn't you?
I was the one to turn it around, you were the one who wanted it
now, didn't you?
I was the one to turn it out and freak you down and lick you clean.

you were the one who wanted it now, didn't you?
