

Size Of Always

Kidneythieves

Two eyes, no sight
What you gonna do tonight
Who will you take
Everybody's sane until they break

The Size of Always
Is an endless highway
And in this skyway
You can do this my way

Your eyes don't cry
But you gotta live or die
Leave it all to fate
Everybody's sane until they break

The Size of Always
Is an endless highway
And in this skyway
You will do this my way

Stop, yeah
Get your finger off the trigger just
Stop, yeah
Does it make you any bigger
Stop, yeah
a tremor to a quake
'cause everybody's sane until they break

Everybody's sane until they break
Keep in the eye of a hurricane

Two eyes collide
do what you gotta do to survive
black/white - no grey
Everybody's sane until they break

The Size of Always
Is an endless highway
And in this skyway
You can do it

Stop, yeah
Get your finger off the trigger just
Stop, yeah
Does it make you any bigger
Stop, yeah
a tremor to a quake
'cause everybody's sane until they break

Everybody's sane until they break
Keep in the eye of a hurricane
'cause everybody's sane until they break
you can't break me
you can't shake me
do this my way
'cause everybody's sane until they break.
