

Tears On A Page

Kidneythieves

When the lights are low
and life is in your face
whether right or wrong, you'll find a way

it all fades

like tears on a page

so it broke your soul
and they took your place
whether right or wrong, you'll find a way

it all fades

like tears on a page

i want you to hear, don't you want to hear it?

it all fades, like tears on a page

don't you want to hear it?

it all fades like tears on a page.
