

## Tears On A Page

Kidneythieves

When the lights are low  
and life is in your face  
whether right or wrong, you'll find a way

it all fades

like tears on a page

so it broke your soul  
and they took your place  
whether right or wrong, you'll find a way

it all fades

like tears on a page

i want you to hear, don't you want to hear it?

it all fades, like tears on a page

don't you want to hear it?

it all fades like tears on a page.
