

## Artbreaker II

### Kids in Glass Houses

I love the way you call it art  
When you never even use your heart  
And I just wanna tear you apart

I love the way you call it art  
When you never even use your heart  
And I just wanna tear you apart

Woah (6x)

Well I keep singing (3x)

I love the way you call it art  
When you never even use your heart  
And I just wanna tear you apart

I love the way you call it art  
When you never even use your heart  
And I just wanna tear you apart

This is not the way we came to play around (2x)
