## **Diamond Days**

## **Kids in Glass Houses**

I feel your body shaking Lying next to mine Could be the devil talking Could be the holy wine Says we can do whatever Says we can lead the blind Cause the closest to alive you'll feel this side of death Is knowing that you tried

We're screaming at the moon together And tonight we're gonna live forever Cause the diamond days Fade away And we're gonna run away Tonight we're gonna live forever

I hear the darkness calling On the edge of town We'd better go on walking If the car breaks down We go down together Cause what is yours is mine The closest to alive we'll feel this side of death Is knowing that we tried

We're screaming at the moon together And tonight we're gonna live forever Cause the diamond days Fade away And we're gonna run away Tonight we're gonna live forever
