Not in This World

Kids in Glass Houses

I don't wanna see I want an ocean And all of the madness So give me your worst Show me the fruit Show me the passion Show me the serpent And give me your worst Cause I've got another day to

Can you feel it? Are we dreaming While we're sleeping? Not in this world Can you feel it In the evening While we're sleeping? Not in this world

Scream at the night Lie in the gutter A billions dancers That were here first I wanna taste it all Not just survive this war Don't wanna give up more than i tried

Can you feel it? Are we dreaming While we're sleeping? Not in this world Can you feel it In the evening While we're sleeping? Not in this world
