

Sunshine

Kids in Glass Houses

Talk to me
Cause I need an answer, I need an answer
Carry me
Cause I need an answer, I need an answer
Torture me
Forever wrong and on and on
Cause I know what you ought to know

Stop wishing for the sunshine (woah)
Start living in the rain (woah)
Stop telling me we'll be fine (woah)
Start living with the pain

Stop wishing for the sunshine (woah)
Start living in the rain (woah)
Stop telling me we'll be fine (woah)
Start living with the pain

Talk at me
This is a problem, this is a problem
You and me
We never solve them, we never solve them
Honestly
Can't soldier on like nothing's wrong
These secrets, they won't keep for long

Stop wishing for the sunshine (woah)
Start living in the rain (woah)
Stop telling me we'll be fine (woah)
Start living with the pain

Stop wishing for the sunshine (woah)
Start living in the rain (woah)
Stop telling me we'll be fine (woah)
Start living with the pain

Long live me cause I'll be fine without you, without you
Long live me cause I'll be fine without you, without you

Stop wishing for the sunshine (woah)
Start living in the rain (woah)
Stop telling me we'll be fine (woah)
Start living with the pain

Stop wishing for the sunshine (woah)
Start living in the rain (woah)
Stop telling me we'll be fine (woah)
Start living with the pain

Long live me cause I'll be fine without you, without you (4x)
