

# Sunshine

## Kids in Glass Houses

Talk to me  
Cause I need an answer, I need an answer  
Carry me  
Cause I need an answer, I need an answer  
Torture me  
Forever wrong and on and on  
Cause I know what you ought to know

Stop wishing for the sunshine (woah)  
Start living in the rain (woah)  
Stop telling me we'll be fine (woah)  
Start living with the pain

Stop wishing for the sunshine (woah)  
Start living in the rain (woah)  
Stop telling me we'll be fine (woah)  
Start living with the pain

Talk at me  
This is a problem, this is a problem  
You and me  
We never solve them, we never solve them  
Honestly  
Can't soldier on like nothing's wrong  
These secrets, they won't keep for long

Stop wishing for the sunshine (woah)  
Start living in the rain (woah)  
Stop telling me we'll be fine (woah)  
Start living with the pain

Stop wishing for the sunshine (woah)  
Start living in the rain (woah)  
Stop telling me we'll be fine (woah)  
Start living with the pain

Long live me cause I'll be fine without you, without you  
Long live me cause I'll be fine without you, without you

Stop wishing for the sunshine (woah)  
Start living in the rain (woah)  
Stop telling me we'll be fine (woah)  
Start living with the pain

Stop wishing for the sunshine (woah)  
Start living in the rain (woah)  
Stop telling me we'll be fine (woah)  
Start living with the pain

Long live me cause I'll be fine without you, without you (4x)
