

# Everybody Knows

Kids of 88

Everybody knows  
Everybody knows  
Everybody knows  
Everybody knows  
I'm yours  
Everywhere I go  
Yeah, they all know  
Everywhere I go  
I shout it out to the world

I never knew a love like this could exist  
Till your whip shook my bones  
(I never knew a love like this)  
I never ever felt such bliss  
Couldn't this give me life with a kiss  
(I never ever felt like this)  
Looking for release, walk the streets  
Sink your teeth, found myself in your sheets  
(I knew that we were both like this)  
Who would have believed  
Got some tricks up your sleeve  
And I know that I'm never gonna leave  
That's because

Everybody knows  
Everybody knows  
Everybody knows  
Everybody knows  
I'm yours  
Everywhere I go  
Yeah, they all know  
Everywhere I go  
I shout it out to the world

Rip it, pull it twice, see the light  
Take the plain scream and shout, call my name  
(I never knew a love like this)  
Put me to the test, make it hurt  
You're the best, twist and turn  
I'm impressed  
(I never ever felt like this)  
Look me in the eyes  
See the love through the leather  
Make me worse, make me better  
(I knew that we were both like this)  
Get me all I need, I'm your slave, take the lead  
And you know that I'm never gonna leave  
That's because

Everybody knows  
Everybody knows  
Everybody knows  
Everybody knows  
I'm yours  
Everywhere I go  
Yeah, they all know  
Everywhere I go

I shout it out to the world

Let it know what it means  
Make me hurt, make me bleed  
Oh, God, I feel it coming on  
And I want you to know  
Just how far I can go  
I've needed this for so long

I never knew a love like this could exist  
Till your whip shook my bones  
(I feel it coming on)  
Who would have believed  
Got some tricks up your sleeve  
And I know that I'm never gonna leave  
That's because

Everybody knows  
Everybody knows  
Everybody knows  
Everybody knows  
I'm yours  
Everywhere I go  
Yeah, they all know  
Everywhere I go  
I shout it out to the world

Everybody knows  
Everybody knows  
Everybody knows  
Everybody knows  
I'm yours  
Everywhere I go  
yeah, they all know  
Everywhere I go  
I shout it out to the world
