There's always that one person that will always have your heart You'll never see it comin', 'cause you're blinded from the start Know that you're that one for me, it's clear for everyone to see Oh baby, oh (You gotta rock away to this one) You will always be my boo

See, I don't know about y'all, but I know about us and uh It's the only way we know how to rock
I don't know about y'all, but I know about us and uh
It's the only way we know how to rock

Do you remember girl, I was the one who gave you your first kiss? 'Cause I remember girl I was the one who said put your lips like this Even before all the fame and people screamin' your name Girl, I was there and you were my baby

It started when we were younger you were mine, my boo Now another brother's taken over but it's still in your eyes, my boo Even though we use to argue it's alright, my boo I know we haven't seen each other in a while But you will always be my boo

I was in love with you when we were younger you were mine, my boo And when I see you from time to time I still feel like, my boo And you can see it no matter how I try to hide, my boo And even though there's another man who's in my life You will always be my boo

Yes, I remember boy, 'cause after we kissed I could only think about your lips
Yes, I remember boy, the moment I knew you were the one I could spend my life with
Even before all the fame and people screamin' your name I was there and you were my baby

It started when we were younger you were mine, my boo Now another brother's taken over but it's still in your eyes, my boo Even though we used to argue it's alright, my boo I know we haven't seen each other in a while But you will always be my boo
