

Church Nite

Kierra Kiki Sheard

It's the way I came up all through the week every nite was a church nite
If you want to come around pack yo bags, cuz you must go there
C-soooooooooou
And it ain't no shame it's part of my game it's even in his name

So if you call from the mall and you want meet ya
I gotta listen to the preacher first

Tuesday night is rehearsal Wednesday Bible study Thursday
I'm meeting with the band Friday Evangelistic on Sunday here we go
If you wanna go hang it might be delayed for me to get my praise on
So that I can stay strong it's all at church tonight
If you goin' to the game it might have to wait
For me to get my dance on
Might not even take long, I'm going to church tonight

Even when I'm at school it's running through my head that I'm so grateful
The reason that I'm so happy
been so good to me
Wanna live my dream and have a bunch of things tell ya what it means to me
I truly know that I'm blessed gonna take for granted
I'm gonna praise him every chance that I get

It gives me what I need when I'm a little stressed out by my finals
C-all I do is lay it loose when I thank you
And when they hatin' on me cuz' I got it goin' on
C-It's what you can't really get at home
Nobody has to make dance or make me clap my hands
C- yea yea yea
Nobody has to make me pray or make me give him praise
C- all at church tonight
