

# Snap

Kierra Kiki Sheard

What's the use forget it  
That's what you keep saying  
Tangled like spaghetti  
Why folks act so petty?  
I'm melting!  
Boyfriend on the celly  
Trippin on a sista  
Calluses and blisters  
Working hard but going nowhere  
LEAN  
Trouble don't last always  
He'll make a way  
Just wait and see  
God has the final say  
Don't conversate with the enemy  
Don't say nothing and pray  
Watch the Lord come through  
And beat the devil down 4U

When the devil try 2 talk 2U  
CHECK YORUSELF!  
When your boss got you trippin' better  
CHECK YOURSELF!  
Sn-sn-sn-sn-snap out of it!

When you're dealing with depression  
CHECK YOURSELF!  
That means you're getting closer to your blessing  
CHECK YOURSELF!  
Sn-sn-sn-sn-snap out of it!

Sounds like the Clark Sisters  
Know just what you're thinking  
I don't look like Twinkie!  
My name is Kierra... NOT KAREN!  
Such a big responsibility  
2 carry on this family's legacy  
Everything ain't perfect y'all  
My salvation makes it worth it all

Don't let the devil get you hypnotized on those fancy lies  
That's one word from the word that he memorized  
That's fast food with no fries that's the main ingredient  
I would cuss them out but that ain't expedient  
See I'm running with kierra k Clark's tiara  
One whiff got them sweating mist like sierra  
Plus she got backup yes he will back up  
Db and t he better not act up
