

Won't Hold Back

Kierra Kiki Sheard

I know you thinkin' what she 'bout to do now
With the crazy track, JDS in the back
Bangin' in your system, can you feel the rhythm?
It's just the way God gave it to us

A crazy praise, just givin' you a taste
Of the many ways He made, for me His life He laid
You can identify and you better not deny
So open your mouth and let it out
(Let it out)

I won't hold back, whoever's silent is whack
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud
Got this power in me, You delivered me
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud

I need you get this so come on and pick this
Tears of joy with our joyful noise
With my knees on the floor, hands in the air
'Cause if you only knew Jesus

He's the best thing that could ever happen
That the human mind can think 'cause He's so big
That's why, I'm gonna let it out
(Let it out)

I won't hold back, whoever's silent is whack
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud
Got this power in me, You delivered me
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud

I won't hold back, whoever's silent is whack
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud
Got this power in me, You delivered me
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud

Are you really tryin' to get your praise on?
Are you really tryin' to get your praise on?
Are you really tryin' to get your praise on?
'Cause I'ma dance, dance

Yes, I'm really tryin' to get my praise on
Yes, I'm really tryin' to get my praise on
Yes, I'm really tryin' to get my praise on
'Cause I'ma dance, dance

I won't hold back, whoever's silent is whack
I gotta praise, c'mon and open your mouth
I gotta praise, c'mon and scream it loud
Got this power in me, You delivered me
I gotta praise, c'mon and open your mouth

I gotta praise, c'mon and scream it loud

I won't hold back, whoever's silent is whack

I gotta praise, c'mon and open your mouth

I gotta praise, c'mon and scream it loud

Got this power in me, You delivered me

I gotta praise, c'mon and open your mouth

I gotta praise, c'mon and scream it loud
