

Walking

Kiki Dee

Walking
My head in the air
Each step I take
Is a step over trouble
Emotions are gone
There's no analyzing
Time can go endlessly on
All is alive
That I see before me
The more I know
The more you can show me
Sky over land
And land under ocean
Time can go endlessly on
For at time
I need someone
To take me anywhere
On my own
I wander
I have no need to care

Walking
Nobody passing by
Each step I take
Is a step over troubles
Gently I fly
Through clouds of emotion
Time can go endlessly on
