

Enforce Yourself

Kilians

You've got your cheap talking
but I am not listenin' no more
Heeey

You've got your head startin'
but I am not watchin' no more
Heeey

Trips enforce yourself
Reasons to hate alone
You get it all I'd say
You get all our way
One time she's gone
You know
One time she's all alone
You get it all I'd say
You get it all our way

You've got your arms broken
but I keep asking for more
Heeey

You've got your eyes open
but I see no reflection at all
Yeeaah

Trips enforce yourself
Reasons to hate alone
You get it all I'd say
You get all our way
One time she's gone
You know
One time she's all alone
You get it all I'd say
You get it all our way

I'm not talkin'
I'm not talkin' no more
I'm not talkin'
I am not talkin' no more
I'm not talkin'
I am not talkin' no more
I'm not talkin'
I am not talkin' no more

Pull your head on
You fall
I've got somethin'
You don't
Sayin' it will
It won't
Try to fix it
Your own
Pull your head on
You fall
I've got somethin'
You don't

Sayin' it will
It won't
Try to fix it

You've got no secretary
You're a small shot away from me
You've got no secretary
You're a small shot away from me

Trips enforce yourself
Reasons to hate alone
You get it all I'd say
You get all our way
One time she's gone
You know
One time she's all alone
You get it all I'd say
You get it all our way
