

Fool To Fool

Kilians

I hard remember a day, oh yeah
the stars sent any light or gold
to the crippled soul of mine
I am empty, lost, left below
but not too tired to deny to die
at least in old-fashioned style

I hard remember a night of mine
that I not spent on you my love
I ain't never gonna sleep no more
neither dream no drink, oh lord

But I'm foolish fashioned
So foolish I know
But on and on and on and on and on and on and on
Can't you save me by saving me
Can't you save me by saving me

I hard remember the words Y-O-U
that I not spend on you, my love
I forgot about the scent of rain
reminding me of you ever since

But i'm foolish fashioned,
so foolish i know
But on and on and on and on and on and on and on
Can't you save me by saving me
Can't you save me by saving me

I did ask you something
You said a thing just anything

I'm foolish fashioned,
so foolish i know
But on and on and on and on and on and on and on
Can't you save me by saving me
Can't you save me by saving me ?
