

Who Will Win

Kilians

We used to talk about
the things that we
can barely look at.
We used to have some
great ideas that we
would never think of.
Two days in motion
I like to see it all and
on: I don't want to
believe it's them.

When I just like to
see the sun, see it
multiplies ...
With love I won't
get anymore
I see it all
when I fall down.

Where are we and
who will win.
My heart can't see
where I'm in.
I count your names
and what's within.
Make up what's you
And watch them.

When I just like to see the
sun, see it multiplies ...
With love I won't
get anymore
I see it all
when I fall down.
