

## Who Will Win

Kilians

We used to talk about  
the things that we  
can barely look at.  
We used to have some  
great ideas that we  
would never think of.  
Two days in motion  
I like to see it all and  
on: I don't want to  
believe it's them.

When I just like to  
see the sun, see it  
multiplies ...  
With love I won't  
get anymore  
I see it all  
when I fall down.

Where are we and  
who will win.  
My heart can't see  
where I'm in.  
I count your names  
and what's within.  
Make up what's you  
And watch them.

When I just like to see the  
sun, see it multiplies ...  
With love I won't  
get anymore  
I see it all  
when I fall down.
