

Agent Orange Skies

Kill Hannah

agent orange skies hang bright above
this high school gym
where they believe we're so happy young

and look like pink decorations
in our very best crystals
oh and how i wanted to dance
so badly

agent orange skies hang bright
behind these factory lights
oh jump the freight trains
we're fucking young

and look like pink decorations
in our crystal meth tuxedos
oh and how i wanted to dance
so badly
