

Courageous

Kill Hannah

Lets go man, I'm serious
Right now, cuz I can't wait anymore
They're weak so, we'll leave them
Just scared to fall
And So Are You Alive
And so what are you waiting for

I'll fly with you
Yeah, you're courageous
Oh, I'll fight for you
Yeah, you're courageous
Oh, I'll die for you
Yeah, you're courageous

Lets go man, I'm serious
Wake up cuz I can't sleep anymore
They're made
But we're all dreamers
I'm not scared at all
And so we are alive
And so that's what we're fighting for

I'll fly with you
Yeah, you're courageous
Oh, I'll fight for you
Yeah, you're courageous
Oh, I'll die for you
Yeah, you're courageous
You're courageous oh, oh, oh
I'll fly with you, yeah
(I'll fight for you)
You're courageous
(I've died for you)
Yeah, you're courageous
