Lightbulbs

Kill Hannah

oh my love this time, this time we've talked and i've told them that they've no spines so no more like this time again because we float out of light i'm out of it

all the lightbulbs glow all the lightbulbs glow we don't plan on burning out we don't plan on burning out we don't plan on burning out

if they're spinning around they'll get all tangled in what we go thru so they're spinning around well at least you're not standing still

all the lightbulbs glow all the lightbulbs glow maybe if you color yourselves in fire maybe if you color yourselves in fire maybe if you color yourselves in fire

color yourselves in yourselves(in fire)
color yourselves in yourselves(in fire)
color yourselves in yourselves(in fire)
