## **Raining All The Time**

**Kill Hannah** 

She fell like a meteor onto the planet And said, "Your world, it brings me down I feel like an animal And I don't think I get it But one day I'll make you proud"

It's raining all the time It's raining all the time It's raining all the time I'll need you by my side When I leave it all behind It's raining all the time

She crashed like an atom bomb And said, "We can't live forever One day I'll see you around I dremt that we disappeared So I just gotta do it So no one can touch me now"

It's raining all the time It's raining all the time It's raining all the time I'll need you by my side When I leave it all behind It's raining all the time

She said: I hate the rain But here it comes again She said: I hate the rain But here it comes again

I hate the rain Here it comes again I hate the rain Here it comes again

There's something in my head I can't get off my mind since you've been gone it's raing all t he time...
