

# Welcome To Chicago, Motherfucker

Kill Hannah

yeah it's 4 am in a speeding car  
OD'd on X and G but what are you on?  
turn up the radio  
turn up the radio  
turn up the radio  
welcome to chicago, motherfucker  
at the top of the sears tower  
i tongue kissed a coke-fiend at the afterhours  
turn up the radio  
let's get out of control  
i wanna blow shit up

never come down  
never come down  
never come down  
never come down

welcome to chicago, motherfucker  
i ran after you 'cause later i might be dead  
this jello shot i think went straight to my head  
this isn't moscow  
this isn't tokyo  
we are invincible

never come down  
never come down  
no, never come down  
never come down  
no, never come down
